Change in Revenue by Type of ODA (FY1989–FY2010) (Unit: yen)

Note: Although a new accounting standard for public-service foundations has been applied commencing FY2006 to facilitate comparison of revenues from business activities among fiscal years, until FY2008 these figures were presented after being adjusted to the format used to prepare the Statement of Revenues and Expenditures under the previous accounting standard. However, under this method, the figures presented in this chart differed from the figures presented in the Statement of Revenues and Expenditures. To avoid any confusion arising from the use of differing figures, from the FY2009 annual report the figures presented in this chart compare the figures presented in each fiscal year in the Statement of Revenues and Expenditures under "Revenues from business activities."
